

Social Engagement

For AURELIUS, social commitment means that economic success goes hand in hand with an ethical duty to contribute to society. In delivering on our responsibility to engage positively with society, we focus our efforts on supporting socially disadvantaged groups.

In October 2015, the employees and Executive Board of AURELIUS launched a long-term aid program for refugees under the umbrella of the AURELIUS Group. To this day, the [AURELIUS Refugee Initiative e.V.](#) constitutes a cornerstone of our social commitment.

Since 2018, AURELIUS has also been a sponsor of the [START Foundation](#) so to contribute to the support of youth with immigration backgrounds and to encourage their political engagement for a stronger democracy in Germany.

In 2022 AURELIUS supports South-Africa based NGO Vulamasango by donating for a new and safe Toyota-Minibus to take kids to schools. Find out more [here](#).

More information about [AURELIUS' social commitment](#) can be found here.
