

BMC Benelux is a leading chain of construction materials stores in Belgium headquartered in Brussels. BMC Benelux has 17 stores in the Brussels metropolitan area and in the regions of West Flanders and Hennegau. With a market share of about three percent, the company is among the top 5 vendors in a highly fragmented market. BMC Benelux serves small and medium-sized construction industry customers with its two brands YouBuild und MPRO. The company has a dense network of stores, a broad range of products and an excellent service offering.

Sustainability/Green Initiatives

- We encourage our suppliers to deliver their goods as much as possible through waterway transport rather than via lorries (e.g. Brussels Port Branch)
- We continuously invest in a state-of-the-art eco-friendly lorry fleet with a reduced carbon emission footprint
- On several branches we make use of solar energy (e.g. Brussels Port Branch)
- We continuously replace lights with LED lighting in our branches and offices
- We recycle and manage waste from packaging and customer returns via a professional supplier
- We no longer sell uncertified timber. We only work with suppliers that can provide us with FSC certified timber
- Our hub and spoke satellite model is based on limiting the transport distance between customer and BMC, hence reducing our Co2 footprint
